

ZERO TO AI | THE REALISM CHEAT SHEET

1-PAGE BATTLE-TESTED PROMPT MATRIX FOR MIDJOURNEY, FLUX.1 & KLING 3.0

SECTION 1: CORE DE-PLASTICIZING MATRIX (ANTI-PLASTIC SKIN)

1. Essential Negative Prompts: --no plastic skin, smooth airbrushed texture, 3d render, oversaturated
2. Skin Micro-Texture Keywords: uncompressed raw photograph, fine pores, natural dermal imperfections
3. Subsurface Scattering: subtle skin translucency, realistic ear cartilage rim light, micro-freckles
4. Color Temperature: natural warm 5200K skin tone, uncalibrated daylight, soft ambient fill

SECTION 2: CINEMATIC LENS & FOCAL LENGTH SELECTION

1. 35mm Prime (Environmental & Storytelling): 35mm f/1.8 lens, wide cinematic context, natural eye view
2. 50mm Standard (UGC & Authentic Conversational): 50mm f/1.4 lens, natural field of view, no distortion
3. 85mm Portrait (Commercial High-End TVC): 85mm f/1.2 lens, shallow depth of field, creamy circular bokeh
4. Aperture & Shutter: f/2.0 aperture blur, 1/250s shutter, gentle organic motion falloff

SECTION 3: LIGHTING DIRECTION & ATMOSPHERE

1. Diffused Window North Light: soft directional window lighting, volumetric light dust motes
2. Golden Hour / Magic Hour: low-angle golden sun rays, rim backlight, high contrast shadow rolls
3. Commercial Studio Softbox: 45-degree key softbox light, subtle silver bounce fill on jawline
4. Camera Sensor Simulation: shot on ARRI Alexa Mini LF, Kodak Vision3 500T 5219 grain emulation
